We've proudly received certification through the following programs:

Your IT is Costing You... ...but by How *MUCH?*

IT costs vary widely depending on many unforeseen circumstances; they are a big source of concern for many growing businesses. After all, growing businesses are often trying to stay afloat in a very tough market.

What do you do?

- Over-budget to account for unforeseen need?
- Under-budget and hope that “nothing happens”?

NO! Call Central Valley IT Services. We give you a fixed fee for running your entire IT infrastructure, which means you get the freedom to do what you do best—run your growing business!

We take care of your:

MS Small Business Servers
Linux Red Hat Servers
Domain Name
Web Presence
Internet Access & E-Mail
Exchange Server Migrations
Server Upgrades

Do You Know What Your IT Costs Will Be Next Month or the Month After?

We Do!

Central Valley IT Services gives your small business timely, expert, and affordable IT support for a fixed rate each month. Imagine! All of your IT services—Internet access, small business servers, domain name, E-mail, and Web presence— maintained and protected under one convenient service plan.

For you, this means:

- No more guessing about your monthly IT costs!
- No more blowing your yearly budget on unforeseen IT expenses!
- No more worrying about how well your business systems are operating!
- No more hassling with downed equipment!

You'll have peace of mind knowing *what* your IT services will cost you in advance. You'll also love knowing that your "small-business-necessities" will be taken care of by an industry expert who understands and cares about your business!

Don't let those unpredictable IT costs (and worries) hurt your bottom line. Let Central Valley IT Services take the guesswork and worry out of your IT requirements!
